

MORNING SONG

Joseph Gara

Bright is the morning when sun is
up
And I see my love beside me
Breakfast for two in a warm
summer bed
As we talk about the best of the
years

Thank you all the stars and moon
in heaven
The cities are wide and wild
But when I see you everything
slow and perfect
I just wanna see you glow

Bright is the morning when sun is
up
And I see my love beside me
Breakfast for two in a warm
summer bed
As we talk about the best of the
years

Thank you all the trees and
flowers in the garden
The cities are wide and wild
But when I see you everything's
slow and easy
I just wanna watch you grow
I just wanna watch you grow

THE TRAVELLER'S SONG

Joseph Gara

I wanna travel a place like this
And I wanna do it on foot
I wanna cross the ocean that
separates
Our dream to be one in heart

I wanna fly to the sky to be
touching
That beautiful sun
I wanna dance with you right here,
right now
If you just let me do so
Im not letting go

I wanna see that beautiful face of
yours
And I wanna touch it by hand
Feel your warmth in these cold
dark nights
If you're just beside me now

I wanna tell you how much I care
And I wanna whisper it by your ear
These melodies that i wrote for so
long now
And I want it to be your song
